YOU'LL NEED

-  1/2 CUP WATER
-  2 TABLESPOONS VEGETABLE OIL

BAKER'S TIPS:

For peanut butter biscuits, stir in an additional 2 tablespoons water and replace vegetable oil with 1/4 cup peanut butter.

To keep biscuits fresh, store in an airtight container.

DIRECTIONS

- 1. PREHEAT** oven to 350°F. Lightly grease (or line with parchment) two baking sheets.
- 2. WHISK** together water, oil, and egg. Add mix and knead until smooth. If dough is dry, add water by teaspoonful until it comes together. Grease work surface and top of dough.
- 3. PAT** or roll dough to desired thickness (see chart above). Cut biscuits to desired size and place onto prepared pans.
- 4. BAKE** for 18-22 minutes. Turn oven off and leave biscuits inside to dry for 60 minutes. Remove from oven when biscuits are brown, firm, and completely dry.
